

FRANCONIA sculpture park

Franconia Sculpture Park is pleased to present *I've Never Seen the Northern Lights*, a solo exhibition by New London, Minnesota-based artist Lisa Bergh. **Opening January 29, 2022 in the Mardag Gallery at Franconia Commons**, Bergh creates work that examines the cerebral and aesthetic weight of our internal, emotional worlds. Sitting precariously at the intersection of painting, drawing, and sculpture, Bergh draws on a visual language rooted in figuration, abstraction, color, place, and architecture. This new body of work serves simultaneously as fragmented studies and completed works all at once, residing somewhere between the ephemeral and the tangible. *I've Never Seen the Northern Lights* will run until April 10, 2022.
